Dear Sir,

After our first selling experience, really late in life, we needed someone to know how much Chip Brent helped us.

We built and lived in our home for 54 years and it was past time to make a move, it was a piece of property with unusual aspects and problems. We were fortunate to have an understanding, diligent and experienced person to help us - Chip was recommended and we are most grateful. He made it very easy for us both.

Sincerely,

Wilma Pasek
